Career Objective:

Dedicated and Learning mindset oriented front-end developer with a strong foundation in HTML5, CSS3, Bootstrap, Tailwind CSS, and Sass, seeking a challenging role to leverage expertise in crafting seamless user experiences. Committed to translating design concepts from PSD, Figma, or XD into pixel-perfect, responsive web solutions. Proficient in both basic JavaScript and JQuery, adept at understanding and fulfilling client requirements while ensuring high-quality deliverables. Aiming to contribute my technical proficiency and problem-solving abilities to deliver exceptional front-end solutions while continuously enhancing skill sets to meet evolving industry demands.

Skills:

Expertise : HTML | CSS | JS | ReactJS | Bootstrap | TailwindCSS | DaisyUI | React Router
Comfortable : NextJs | ExpressJs | MongoDB | Firebase
Familiar : NodeJs | Moongoose | JWT | JQuery | SASS | SCSS
Interpersonal : Humbleness | Punctual | Adaptability | Determined

Projects:

Fractos – Question Bank System(Team Project) [Github](#) | [Live Preview](#)
